

Experience 2010 Custom 24 – 200 piece run

Specially appointed to commemorate our 25th Anniversary combined with the fourth annual “Experience PRS” event, this 200 piece limited run of guitars has a simple yet elegant appearance. With uncovered 59/09™ pickups and incredible tone woods, these special instruments sound as beautiful as they look. The Mother of Pearl eagle on the headstock pays homage to Paul’s “pre-factory” guitars, making these instruments a piece of history.
